

1. [2 points] List the computer related courses that you had before this one.

- I had some courses related to computers such as, CPSC 1150, CPSC 1045, CPSC 1050, CPSC 1160.

2. [2 points] Did you have Web development experience? If you have, rate the familiarity level from 1 to 5. 1 as very new to web development, 5 as very experienced in web development.

- I had some experience in Web development because I took CPSC 1045 last term. I would rate the familiarity level of mine is a 3.

3. [2 points] Write your reasons to register this course.

- I want to improve my programming skill and get some credits.

4. [2 points] Write three of your expectations from this course.

- The instructor gives students useful homework for students to practice.

- The instructor can give feedback on students' homework.

- This course can cover as many topics as possible

5. [2 points] Write anything that you want to share with the TA and your instructor.

- It takes me around 1 hour to go to school.

6. [3 points] Find a tool to lookup the following domain names and record the resulting IP addresses:

- www.langara.ca 209.87.29.222

- www.ubc.ca 108.139.29.95

- www.google.ca 142.251.45.3

7. [7 points] Visit a website that you think is interesting. Answer the following questions.

a) What is the URL of the website?

<https://globalnews.ca/>

b) What is the purpose of the website?

- The purpose of the website is providing news for everyone.

c) Who is the intended audience?

- The intended audience is everyone.

d) Do you think that the website reaches its intended audiences, why?

- Yes, whoever is interested in this website will visit it because it is quite important to update every day.

e) Is this site appealing to you, why? Consider the use of color, images, multimedia, organization, and ease of navigation.

- This site is appealing to me because they organize the web page pretty well with a lot of colors and images.

f) Would you recommend others to visit this site, why?

- Yes, because it is important to know what is going on in Canada and the World.

g) How could this site be improved?

- There are a lot of advertisement on this web page. If they can remove some of them, it would be better.
